Are you just interested in knowing more about Indigenous issues or a professional who wants to make a difference? The Bridging the Gap Seminar is an opportunity to gain insights into Yolŋu culture and discover solutions to the problems faced in Indigenous communities today.

Acclaimed presenter Richard Trudgen explores the reasons Indigenous people and other ethnic minorities are suffering, and provides the

communication and cross-cultural skills essential to working with Indigenous and minority groups. You will walk away with the knowledge that you can create change. By using a model developed with the Yolŋu people of Arnhem Land, a model that allows the people to build their future and enables you to have more effective interactions with Indigenous people; you can be part of the solution.

Learn how together we can help bridge the gap.
